The **application deadline is Friday 3rd June 2022**, although references will still be accepted after that date for applications that have already been submitted.
The programme is for students who are actively committed to their faith, who are intellectually gifted and who are committed to shaping a Christian society through their careers. It provided a spiritual and philosophical/theological formation in the Catholic tradition around themes relating to the common good, as well as workshops in skills pertaining to public life. Part-to full sponsorships are available to students who are unable to meet the costs, though we students are asked to attempt to fundraise £140 (10% of the course's costs) as a minimum contribution. Information and application forms are available
