Today's Gospel Reflection

Jesus was always concerned for the human needs of people as well as the spiritual. In today's Gospel He knows that the people have nothing to eat and He is anxious to remedy that. In other episodes we see him healing the sick, comforting the grieving, reaching out to the lost and outcast and to sinners. In the prayer He taught us, He urged us to ask the Father to 'give us this day our daily bread'. This bread can refer to himself, the Bread of Life, that we receive in communion, but it also refers to the food we need for sustenance each day. In this Gospel we also note the concern of Jesus that none of the food gets wasted as He urges the disciples to collect all of the scraps left over. Today we live in an age of incredible wastefulness, a throw away society. Huge amounts of food are dumped every day. Today is a good day to consider our use of the resources of the earth. One of the paradoxes of life is how a little can go a long way, as the boy with the five barley loaves and two fish demonstrates, while excess often leads to waste and leaves many hungry.
